**IN THE MATTER OF A COMMISSION INQUIRY INTO)
A RULEMAKING TO IMPLEMENT THE GRID)
MODERNIZATION STATUTE, NMSA 1978, SECTION) Docket No. 22-00089-UT
62-8-13 (2019))
_____)**

AMENDED NOTICE OF SCHEDULED WORKSHOP

On May 4, 2024, the Commission issued a Notice of Scheduled Workshop in this matter referring to the April 5, 2024, Commission-issued “Fifth Bench Request Order And Order Scheduling Workshop,” which required El Paso Electric Company (“EPE”), Public Service Company of New Mexico (“PNM”), and Southwestern Public Service Company (“SPS”) to respond to inquiries pertaining to the types of cost-benefit analyses to be used in GMS applications as part of the implementation of the grid modernization statute NMSA 1978, Section 62-8-13 (2019) (“GMS”) and the rulemaking process. The Fifth Bench Request Order and Order Scheduling Workshop also ordered that types of cost-benefit analyses and best practices should be further discussed at a third workshop.

The Commission now issues this Amended Notice of Scheduled Workshop, to amend the attached Draft Agenda for the third workshop that is set to occur at a special open meeting on **May 15, 2024, from 9:30 a.m. to 12:30 p.m.**

The Commission clarifies that the purpose of the Workshop is to formulate the requirements for a potential Grid Modernization / Integrated Distribution Planning (IDP) Rule, and to solicit input from the utilities as to what they think should be included in a future potential Grid Modernization/IDP Rule. While the intent of the Workshop is not to focus on any specific matters before the Commission, some workshop discussions might include topics that are also at

issue in proceedings that are currently pending before the Commission, including topics related to cost-benefit analysis in PNM Docket No. 22-00058-UT. The Commission makes clear that specifics of this or any proceedings pending before the Commission will not be considered, and discussions of cost benefit analysis are intended solely for the purposes of this rulemaking.

Please see attached Amended Draft agenda and Notice of Special Open Meeting that revises Section VII. "Presentations by PNM, EPE and SPS". The Commission plans to post the Amended Draft Agenda and Notice of Special Open Meeting in accordance with the Open Meetings Act for the special open meeting entitled "Grid Modernization and Integrated Distribution Planning - Cost-Effectiveness Evaluation Workshop."

The Commission encourages EPE, PNM, SPS, stakeholders, and other interested parties to engage in the Q&A portions of the workshop, being mindful of the prohibition on discussing matters pending before the Commission . Any interested persons who wish to participate via Zoom in the Q&A portions of the discussion may sign up to do so by contacting Patrick Rodriguez via email at public.comment@prc.nm.gov or by phone at (505) 490-7910 as soon as possible before the start of the workshop.

Regarding public comment, anyone may attend the workshop in person at the Bokum Building, 142 W. Palace Ave, Santa Fe, NM 87501, or via Zoom. In addition, the workshop shall be accessible to the public via a live stream on YouTube. Individuals wishing to provide public comment may do so in person, via the Zoom app, or by telephone. To sign up for public comment, please contact Patrick Rodriguez via email at public.comment@prc.nm.gov or by phone at (505) 490-7910 as soon as possible before the start of the workshop.

A copy of this notice shall be served on all parties listed on the attached certificate of

service via email, if the email address is known, and if not known, by regular mail.
